

Who are the owners?

Lainey and Emma are the true inspirations behind Barkalounge Doggy Daycare. Lainey was a lonely and neglected stray who adopted the Bakers in 2003. Having no human companionship or socialization skills, she overcame great obstacles to become a loving, caring, and extremely well socialized dog. She opens her heart and daycare to all canine friends and their humans.

Emma found the Bakers by way of adoption through the Hendricks County Humane Society. She was part of an unwanted litter that had been dropped at the facility doorstep in late 2004. She is learning and growing each day through her sister and humans (who still have a lot of training needs!)

Who is their business manager?

Brigitte Baker is no stranger to caring for lost souls. She has spent her life rescuing and adopting stray animals which currently include two dogs, three cats, and one very tolerant husband. Brigitte holds a Masters degree in Management and Business Administration and a love for all creatures. The startup of Barkalounge Doggy Daycare has been a dream in the making.

Where else can you spend the day playing with your children and providing specialized care to other dogs?

You can build your own dream... or let someone else hire you to build theirs.

How to find Barkalounge!

5555 **ELMWOOD AVE**

We are conveniently located just east of Emerson on Elmwood Avenue on the Southeast side of Indianapolis.

What is Doggy Daycare?

Doggy Daycare provides dogs with a social setting which allows them to learn proper interaction with other dogs and humans. Barkalounge's *cage-free* environment allows your dog to socialize freely and get the exercise that is so beneficial to its health and well being. Our 4,800 square foot facility is specifically designed with your dog's comfort and safety in mind. We understand that the needs of dogs, just like people, are different, therefore, we accommodate large and small dogs in multiple large play rooms.

Your dog will enjoy the day running, playing, socializing, and relaxing. Quiet periods are a part of each day at Barkalounge—we want your dog to come home tired and happy but not exhausted!

What your *DOG* gets:

- Year round exercise in a large indoor play area
- Healthy treats
- Socialization
- Lots of love and attention

What *YOU* get:

- A report card detailing your dog's activities
- Peace of mind and entertainment watching your dog on our *doggy cam*

AND

- A tired and happy dog!

What is Required for Registration?

HEALTH RECORDS

All dogs must be in good health and if over 6 months of age, must be spayed or neutered. We require a copy of veterinary records showing your dog is current on all vaccinations for

- DHLPP
- Bordatella (required every 6 months)
- Rabies
- Protected from fleas, ticks, and heart worm

FORMS AND PROFILES

The following forms must be completed prior to the first evaluation visit and can be accessed from our website or stop on by and pick them up in person!

Client Contract: This contract details our general liability information and payment requirements. This standard information is designed to protect both parties.

Owner Information: This form provides contact information, individuals authorized for pickup, and veterinary contact information for verification.

Dog Profile: This form provides us with more detailed information about your dog's likes and dislikes, normal behavior, and general history.
